

ROBOTIC SYSTEMS POOL

Sponsored by: The Joint Robotics Program

SPAWAR Systems Center San Diego's (SSC San Diego) Robotic Systems Pool accelerates the technological advance of US military forces and law enforcement by purchasing the latest robotic technology and making it available to government agencies.

- Provides government agencies at all levels with the opportunity to evaluate and experiment with mobile robots in their own unique operational domains.
- Users learn how, when, and where robots are useful to their operations.
- Users can make appropriate acquisitions of robots based on their experience.
- Robot Developers benefit from the users feedback and recommendations, enabling them to improve their designs and better meet the emerging needs.
